200-250 words

If I were a member of the Student Committee, I would suggest a big amount of ideas for activities where we can take a part in. But after a while I chose the best event for our school ~~or devoted~~ to the year of the family - "the day of family ^{name} unification". I think that's a great idea! There will be some fascinating activities in the school. First activity is a quiz. ~~But students would go~~ It would be a commitment that all students would go to school with their family: parents, brothers, sisters and other relatives. At first, they'd have a test of mutual hobbies that they do, for example playing video games together, watching a film or a family dinner. For the second activity I suggest ~~some sports~~ a competition between students and ~~their~~ ^{their} families. Students and ~~if~~ parents ~~command~~ in two groups and ~~compete~~ compete with each other in sports like basketball, football and volleyball. And for the last activity ~~the~~ everyone would have a fun together - it's dancing. I think dancing contribute unification for children and their families. It would be a very exciting for them. In my opinion it's an important event which should have a positive impact on students and their outlook. It's a good way to attain students understanding that ~~the~~ ^{the} relationship with their family is a very important thing. They should value all their relatives and get on with them. To be honest, if there was an opportunity to create an event in school, I absolutely would take a part in it.

21/9

~~21/9~~ 9
